

0.6875" WRAP AROUND AREA

0.375" MARGIN

6" FINISHED SIZE

## Front Hardback Cover Template

**Please use this guide when submitting your cover electronically.**

- The hardback cover surface, represented by the black dotted line, is 6" x 8.75". The printed cover sheet, represented by the larger blue area, will wrap around the hardback board.
- If you want your cover art to be a full bleed, your artwork should be sized at 7.375" x 10.125". Keep in mind all elements in the dark blue area will wrap around the hardback board.
- For non-bleed covers, the maximum image area should not exceed 5" x 8", as represented by the green border area.
- No wording or any essential part of the art should fall in the  $\frac{3}{8}$ " binder punch area, represented by the red area to the left.

 = bleed area for non-critical images, textures or background colors

 = finished page area

 = safe text and image area

 = binding area
